

Global eco-friendly e-Mobility :
energy industry transformation platform

THE 11TH INTERNATIONAL eMOBILITY eXPO

2024. 4. 30 (Tue) ~ 5. 3 (Fri)
Jeju International Convention Center
& Jungmun Tourism Complex area

1 Purpose of holding

- Launched as the world's only pure electric vehicle global expo, establishing 'e-Mobility Davos Forum'
- Creating an e-Mobility business platform such as electric vehicles, electric ships, electrification of agricultural machinery, and urban air mobility
- Creating a startup ecosystem and leading investment attraction through regular global investment forums linked to Silicon Valley in the US
- Preemptive response to global issues such as carbon neutrality and creation of synergy effects such as a great transition to eco-friendly energy
- Providing a global human resources training network, such as university student self-driving contest and university student start up competition
